On 20 July she was informed by [] that CIA would not attend this meeting nor any planning meetings for the subcommittee. CIA intends to "boycott" the subcommittee, and will neither participate in the subcommittee nor disband the DCI's "Use Group" (chaired by [] until/unless specifically directed by the DCI. 25X1

NOTE: [] has not been a member of the working group--he was to attend the 25 July meeting as a substitute for [] who is out of town. 25X1

China Study:

- Copies of the further revised draft were mailed to key members of the working group. Final comments are requested no later than 31 July.  will meet with the NIO for East Asia to discuss comments he has raised on a portion of the "Detailed Study." The main outstanding problem is what to do about the annex that the NIO for Strategic Programs (or, more accurately, his staff) has proposed be published by the CIPC along with the report paper. It remains  belief that this annex is inappropriate (i.e., reads too much like finished intelligence and is too prescriptive in tone) and not written to CIPC standards. The views of CIPC working group designees have been elicited, but not yet received.

- The counterterrorism initiatives which were ranked by the CIPC at its 16 July meeting have now been provided to the DCI, with the recommendation that the top two thirds of the list--representing some billets in FY 85--be implemented. A draft reply to NSDD 138 recapping those recommendations has also been prepared for the DCI's signature.
